

Welcome back to another _____
Hold it

right there, felt it?
no, go out backside!

To fingerboard, and to encourage in the presence of the object.

The fingerboard is a physical index in our world, hold it up to the light
see the fingerprints of our ancestors.
see the weakfingers tutorial, see

my elbow hit my armpit!

duni posted, do you think its a paper graphic?

what wheels?

what wheels?

what wheels?

what wheels?

your iCloud storage is almost full

Hold on, you're almost there

fish or long lens for this one?

mr. takeout or chipotle for this one?

age old feeling

if it's *just a toy* then explain that

feeling i get when i step out of the car

when i wrap my arms around a friend its been 6 months see

you at the next one!

mallory says i wonder if we will do this when we're 80 years old
henry says i wonder if my sports bet will win tonight

To fingerboard, and to encourage in the presence of the object.
